## Apply For Intern C++ Developer

Dob: 14/04/2004
Email: dinhtruonghioo4@gmail.com
Phone: 0359 822 971
Address: Ha Noi
Github: github.com/Truonghioo4
Porfolio: portfolio-black-three-64.vercel.app

## EXPECTATION

My background is primarily in web development, but I am eager to explore how C++ can be applied to both web and software development. I am excited to join your company to gain valuable experience and knowledge in this field. In return, I am committed to dedicating my best efforts, successfully completing the internship program, and contributing to the growth of your products.

## SKILLS

| | |
|---|---|
| DSA | Good at C++, have knowledge of algorithms and ability to solve complex technique problems. |
| Front-end | Html, Css, Javascript, ReactJS, TailwindCss, MUI |
| Back-end | NodeJS, Java Spring Boot |
| Database | Mongodb, MySQL, SQL Server |
| English | Able to read and research documents, write emails, and communicate at a basic level. |

## WORK EXPERIENCE

**08/2024 - 12/2024**
